The Singapore Sports Hub is one of the world's first fully integrated sports, entertainment & lifestyle destination.

Spanning a mammoth 35 hectares of land in the heart of the city, the Singapore Sports Hub is a sports and lifestyle precinct that houses a unique cluster of world-class facilities comprising of the National Stadium, Singapore Indoor Stadium, OCBC Arena, OCBC Aquatic Centre, Water Sports Centre, Kallang Wave Mall, Sports Hub Library, Singapore Sports Museum, and Shimano Cycling World.

Officially declared open by Prime Minister Lee Hsien Loong in July 2015, the Singapore Sports Hub is a Public-Private-Partnership (PPP) project where SportsHub Pte Ltd – the Sports Hub consortium – has a 25-year contract with Sport Singapore to design, build, finance and operate the complex. In addition, the Singapore Sports Hub is one of the largest sporting infrastructure PPP projects in the world today.

Incorporating cutting edge design and environmentally conscious construction, the Sports Hub campus comprises different multi-purpose venues with varying seating capacities, allowing the venue to host a variety of events ranging from sports and entertainment, to lifestyle and community events.

Targeting all demographics – from the elite to the novice – the Singapore Sports Hub is a mega-project conceived as part of the Singapore Government’s vision to enhance the nation’s sporting landscape, and built with the community in mind.
